

ELLWOOD CITY AREA SCHOOL DISTRICT

501 Crescent Avenue
Ellwood City, PA 16117
Phone 724-752-1591

The Ellwood City Area School District Elementary Student Assistance Program (ESAP) is requesting your permission to discuss your child during our next meeting.

The ESAP team is composed of teachers, building principal, school psychologist, school counselors and representative of Human Service Center. The purpose is to attempt to remove barriers to learning and promote academic success. The counselor will discuss any matters with you before initiating Human Service Referral and/or ECASD Behavioral Analyst. As the parent of an elementary student, you will guide and direct the outcomes. ESAP is not a special education referral, but more of a support to review the entire student - past history, academics, attendance, behavior or any other obstacle that can hinder the student's learning.

By signing this form you are allowing the team to review the progress of your child and all information shared during this meeting is kept CONFIDENTIAL. By signing this form, it also allows Human Services Center and/or ECASD Behavior Analyst to contact you directly about any support, referral information and behavioral assessments.

If you have questions please call your building school counselor, Mrs. Mendillo at Perry/Hartman 724.752.1591 x2205 or 1205 or Ms. Wiech at North Side 724.752.1591 x4278.

Thank you for your support and cooperation.
