PARENTS AS TEACHERS

The PAT families had an awesome time at Apple Castle in September. We went on a wagon ride through the orchard learning about how the crops grow and eating healthy foods. After the wagon ride, we went back to the pavilion to listen to a story and decorate pumpkins. If you are interested in being part of these types of activities with your younger children please contact, PAT Supervisor, Jamee Carr at 724-658-4688.

For more information or if you would like to continue receiving future newsletters please email Shannon Williams at williamss52@upmc.edu

FIRE SAFETY TIPS FOR KIDS

- Remind your parents to test your smoke detectors every month.
- If there is a fire: don't hide, go outside! Fires are scary but you should never hide in closets or under beds when there is a fire.
- If your clothes are on fire *stop, drop and roll* until the fire is out. Shout for help, but don't run. Running makes fire burn faster.
- Have an escape plan and practice it with your family. Find two ways out of every room in case one way is blocked by fire or smoke.
- **Fall and crawl to escape a fire.** It is easier to breathe if you stay low.
- Go to your family's meeting place outside. Never go back inside for any reason.
